No. 5804

JUDGMENT

AND

DECREE

North Fork
Cow Creek

The above entitled cause having been referred to the Division of
Water Rights (now Division of Water Resources) of the Department of Public
Works of the State of California, as referee, by an order of the Court,
entered on April 25, 1923, and made under authority of law as conferred by
Section 24 of the Water Commission Act of the State of California, Statutes
1913, Chapter 586, as amended; said referee having made its investigation
and having submitted its report as referee together with a proposed stipula-
tion for judgment to the court on March 5, 1928, and thereafter additional
parties having been brought into said action, said cause having been re-
ferred to said referee for further report by the order of the court
dated June 1, 1928, said referee having made further investigations and
having submitted a supplemental report of referee, dated December 12, 1930

1 and a second supplemental report of referee, dated October 5, 1931, the
2 court having fixed October 13, 1931, as the time for hearing said cause, and
3 said hearing having been postponed to October 26, 1931, said cause came on
4 regularly for trial before said court, Honorable Walter E. Herzinger, Judge of
5 said court presiding, plaintiffs appearing by and through their attorneys,
6 Messrs. Carr and Kennedy, some of defendants having been represented by
7 their counsel, Jesse Carter, Esq., others of defendants by their counsel,
8 L. C. Smith, Esq., others of defendants, by their counsel, Roscoe J. Anderson,
9 Esq., others of defendants, by their counsel, W. D. Tillotson, Esq., others of
10 defendants, by their counsel, A. M. Dean, Esq., other of defendants, by their
11 counsel, Messrs. Chenoweth and Leininger, and John W. Maxwell, Evert G. Angle,
12 Emma A. Thomas, O. L. Rose, Louisa Lemm, and Walter Melton having respectively
13 appeared in propria persona; all of said parties in said action having
14 entered into oral stipulations at said hearing providing certain amendments
15 to said stipulation for judgment settling their respective issues, and there-
16 after said oral stipulations having been prepared in written form, signed by
17 all of said parties in said action and filed with the court, said stipulation
18 for judgment as amended providing that said court might enter a decree in
19 accordance with the provisions thereof, all of said parties to the above
20 entitled action having further stipulated that findings of fact and conclusions
21 of law be waived and said matter being finally submitted to this court, and
22 it appearing that said parties who have entered into said amended stipulation
23 for judgment are the owners of the rights as agreed upon and set forth therein,
24 and it further appearing that substitutions of parties plaintiff have been
25 regularly made as follows, to-wit:

26 (a) Arthur Olson, Melvin Olson, Oscar Olson and Christine Olson,
27 as successors in interest of Christian Olson, deceased;

28 (b) V. Rozum and B. Rozum, successors in interest of L. S.
29 Holcomb, substituted as plaintiff herein in the place and stead of J. H.
30 Schomberg;

31 (c) L. J. Sharp, substituted as plaintiff herein in the place and

1 stead of Winfield Durfor; ,
2 and it further appearing that substitutions of parties defendant have been
3 regularly made as follows, to-wit:
4 (a) Roy Wilsey, successor in interest of Eliza Wilsey, substituted
5 as a defendant herein in the place and stead of Eugene Wilsey, deceased;
6 (b) California Zinc Company, a corporation, substituted as a defend-
7 ant herein in the place and stead of Afterthought Copper Company;
8 (c) Augusta I. Hobson, successor in interest of De Forest Hobson,
9 substituted as a defendant herein in the place and stead of William Eilers;
10 (d) J. E. Baker, substituted as a defendant herein in the place
11 and stead of B. F. Bibbens;
12 (e) J. W. Maxwell and Mac Belle Phillips, substituted as defend-
13 ants herein in the place and stead of Jennie Maxwell, deceased;
14 (f) Edward Rice, substituted as a defendant herein in the place
15 and stead of H. Lee Martin;
16 (g) John Passons, successor in interest of E. D. Herrick, sub-
17 stituted as a defendant herein in the place and stead of L. O. Strayer;
18 (h) Emil Plaetke, substituted as a defendant herein in the place
19 and stead of Earl Patton;
20 (i) Mrs. Lillie M. Spaulding, substituted as a defendant herein
21 in the place and stead of Eugene Johnson;
22 (j) C. B. Jones, substituted as a defendant herein in the place
23 and stead of William Clark;
24 (k) Jesse Grant, sued herein as John Doe Grant;
25 (l) The Redding Savings Bank, a corporation, successor in interest
26 of L. M. Carr, and Erick Anderson, substituted as defendants herein in the
27 place and stead of Lizzie A. Gray;
28 (m) Carrie L. Boyle, substituted as a defendant herein in the
29 place and stead of George J. Boyle, deceased;
30 (n) Francis R. Fassett and Holly Adams Fassett, his wife,
31 successors in interest of E. C. Frisbie and C. T. Dozier, substituted as

1 defendants herein in the place and stead of L. N. Ellis;

2 (o) E. C. Frisbie, substituted as a defendant herein in the place
3 and stead of Albert Patton;

4 (p) Kate Rowe, substituted as a defendant in the place and stead
5 of Fred Roe;

6 (q) Alex Hansen, substituted as a defendant herein in the place
7 and stead of Florence McCandless;

8 (r) Lillie Grace Phillips, substituted as a defendant herein in
9 the place and stead of D. W. Phillips, deceased;
10 and it further appearing that the following have been regularly brought in as
11 parties defendant in the action, to-wit:

12 (a) D. G. Hunt, Jr., as owner of an undivided one-half interest
13 in the property of defendant W. A. Bogue;

14 (b) Louisa Lemm, added as a defendant herein by direction of the
15 Court;

16 (c) Richard Ellerkamp, added as a defendant herein by direction
17 of the Court; and

18 (d) Walter Melton, added as a defendant herein by direction of
19 the Court.

20 NOW THEREFORE IT IS HEREBY ORDERED, ADJUDGED, AND DECREED AS
21 FOLLOWS, TO-WIT:

22 (1st) There is in said Shasta County a natural stream of water
23 known as and called "North Cow Creek," which said creek arises on the west
24 slope of Snow Mountain in said Shasta County, State of California, and flows
25 thence in a general southwesterly direction between well defined banks in a
26 well defined channel to, upon, and across some of the lands of some of the
27 parties to this action, which lands are hereinafter described; said North
28 Cow Creek has an important tributary known as and called "Cedar Creek" which
29 rises to the north of said North Cow Creek and to the east of Round Mountain
30 in said county and state and flows thence in a general southwesterly direc-
31 tion between well defined banks in a well defined channel to its confluence

1 with said North Cow Creek; said North Cow Creek has another important tribut-
2 ary known as and called "Mill Creek" which rises to the south of said North
3 Cow Creek and to the southwest of said Snow Mountain in said county and state
4 and flows thence in a general westerly direction between well defined banks
5 and a well defined channel to its confluence with said North Cow Creek; and
6 said streams have so flowed since the memory of man.

7 (2nd) The parties plaintiff and parties defendant in the above
8 entitled action are the owners of the lands described in their respective
9 pleadings, and as amended and pleaded by them; that the allotments of water
10 from said North Cow Creek and its tributaries as hereinafter set forth are for
11 use upon the acreages described in Schedule 1 hereunto annexed and made a
12 part hereof; that the respective parties are the owners of the acreages set
13 forth under their respective names and of all the lands embraced in the legal
14 subdivisions in said Schedule 1; and that said lands are depicted on the
15 map herein referred to as the "Division of Water Rights Map," which map was
16 prepared by the Division of Water Rights of the Department of Public Works of
17 the State of California from its surveys made in 1923, which map is entitled,
18 "Map of North Cow and Oak Run Creek Watersheds Showing Diversion Systems
19 and Irrigated Areas, Shasta County, California," which map is dated 1924, and
20 is filed with the records of the above entitled action as Exhibit "D" of the
21 report of referee.

22 (3rd) The parties plaintiff and the parties defendant are the
23 owners of, or interested in, the ditches, conduits, pipe lines and other means
24 of diversion described in their respective pleadings, and as amended and
25 pleaded by them, and as depicted on said Division of Water Rights Map and
26 are entitled to divert water, as hereinafter set forth, through said means of
27 diversion at the points of diversion depicted on said map.

28 (4th) ⁴⁻⁴⁸ Wilford E. Ross, ⁴⁻⁵³ John Q. Cox, ⁴⁻⁴² James W. Ballard, John
29 ⁴⁻⁵⁴ Passons, ⁴⁻⁵³ Edward Rice, and ⁴⁻⁵⁷ E. C. English, jointly, are entitled to divert from
30 the natural flow of Mill Creek, through the Welch and Strayer Ditch,
31 3.00 cubic feet per second,

1 or as much thereof as they directly apply to beneficial use for the purposes
2 hereinafter set forth; said water to be diverted from said Mill Creek at a
3 point (designated on Division of Water Rights Map as Diversion 45) which bears
4 approximately N 72° 00' E, approximately 3780 feet distant from the southwest
5 corner of Section 5, T 33 N, R 1 E, M.D.B. & M., being within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of
6 said Section 5, and said water to be used for domestic, stock watering, and
7 irrigation purposes upon the lands of the various parties enumerated in this
8 paragraph as described in Schedule I hereof.

9 (5th) O. L. ⁴⁻¹⁷Rose, Evert ⁴⁻²⁹G. Angle, Emma ⁴⁻³⁰A. Thomas, John ⁴⁻³¹W. Maxwell,
10 and Mac Belle Phillips, jointly, are entitled to divert from the natural flow
11 of either Mill Creek, or the South Fork of Mill Creek, or in part from both
12 of said sources, through the Excelsior Ditch,

13 2.00 cubic feet per second,

14 or as much thereof as they directly apply to beneficial use for the purposes
15 hereinafter set forth; said water to be diverted from said Mill Creek at a
16 point (designated on Division of Water Rights Map as Diversion 49) which bears
17 approximately N 77° 30' E, approximately 3260 feet distant from the southwest
18 corner of Section 5, T 33 N, R 1 E, M.D.B. & M., being within the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of
19 said Section 5, and from said South Fork of Mill Creek at a point (designated
20 on Division of Water Rights Map as Diversion 50) which bears approximately
21 N 88° 00' E, approximately 2740 feet distant from the southwest corner of said
22 Section 5, being within the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 5, and said water to be
23 used for domestic, stock watering and irrigation purposes upon the lands of
24 the various parties enumerated in this paragraph as described in Schedule I
25 hereof.

26 (6th) Whenever the combined available water supply of Mill Creek
27 and the South Fork thereof is inadequate to supply the allotments hereinabove
28 provided in paragraphs (4th) and (5th) then, during the continuance of such
29 shortage, the said combined available water supply of Mill Creek and the South
30 Fork thereof shall be apportioned sixty per cent to the Welch and Strayer
31 Ditch and forty per cent to the Excelsior Ditch.

1 (7th) A. F. Pehrson is entitled to divert from the natural flow
2 of Cedar Creek, through the Pehrson Cedar Creek Ditch,
3 0.25 cubic foot per second,
4 or as much thereof as he directly applies to beneficial use for the purpose
5 hereinafter set forth, from 9:00 o'clock, A. M., on Tuesday, to 9:00 o'clock
6 A. M., on Wednesday of each and every week; said water to be diverted from
7 said Cedar Creek at a point (designated on Division of Water Rights Map as
8 Diversion 39) which bears approximately S 14° 00' W, approximately 270 feet
9 distant from the East quarter corner of Section 22, T 34 N, R 1 W, M.D.B. & M.,
10 being within the NE¹/₄ SE¹/₄ of said Section 22, and said water to be used for the
11 irrigation of the following described lands:

12 0.6 acre in the NE¹/₄ SE¹/₄ Sec. 22, T 34 N, R 1 W, M.D.B. & M.
13 0.6 acre - Total

14 (8th) C. S. Erickson is entitled to divert the entire flow of an
15 unnamed swale leading from the H. O. Bishop irrigated lands, through the
16 Erickson Ditch, or as much thereof as he directly applies to beneficial use
17 for the purposes hereinafter set forth; said water to be diverted from said
18 unnamed swale at a point (designated on Division of Water Rights Map as
19 Diversion 8) which bears approximately S 15° 00' W, approximately 375 feet
20 distant from the northeast corner of Section 19, T 34 N, R 1 E, M.D.B. & M.,
21 being within the NE¹/₄ NE¹/₄ of said Section 19, and said water to be used for
22 domestic, stock watering, and irrigation purposes upon his lands as described
23 in Schedule I hereof.

24 (9th) C. S. Erickson is entitled to divert the entire flow of
25 School House Spring Channel, through the Erickson Ditch, or as much thereof
26 as he directly applies to beneficial use for the purposes hereinafter set
27 forth; said water to be diverted from said School House Spring Channel at a
28 point (designated on Division of Water Rights Map as Diversion 9) which bears
29 approximately S 17° 00' W, approximately 340 feet distant from the northeast
30 corner of Section 19, T 34 N, R 1 E, M.D.B. & M., being within the NE¹/₄ NE¹/₄
31 of said Section 19, and said water to be used for domestic, stock watering,

1 and irrigation purposes upon his lands as described in Schedule I hereof.

2 (10th) C. S. Erickson is entitled to divert from the natural
3 or developed flow of an unnamed spring situated at a point (designated on
4 Division of Water Rights Map as Diversion 10) which bears approximately N 55°
5 00' W, approximately 2140 feet distant from the southeast corner of Section
6 18, T 34 N, R 1 E, M.D.B. & M., being within the SW¹/₄ SE¹/₄ of said Section 18,
7 through the Erickson Spring Ditch and Pipe Line, the entire flow of said
8 spring, or as much thereof as he directly applies to beneficial use for the
9 purposes hereinafter set forth; said water to be diverted at the above
10 described spring, and used for domestic, stock watering and irrigation
11 purposes upon his lands as described in Schedule I hereof. *out*

12 (11th) Lillie Grace Phillips is entitled to divert from the
13 natural flow of North Cow Creek, through the Phillips Mill Ditch,

14 7.50 cubic feet per second

15 or as much thereof as she directly applies to beneficial use for the purposes
16 hereinafter set forth; said water to be diverted from said North Cow Creek
17 at a point (designated on Division of Water Rights Map as Diversion 69) which
18 bears approximately S 79° 30' W, approximately 1240 feet distant from the
19 northeast corner of Section 2, T 33 N, R 1 W, M.D.B. & M., being within the
20 NE¹/₄ NE¹/₄ of said Section 2, and said water to be used for domestic, stock
21 watering and power purposes, and for the irrigation of 0.8 acre, upon the
22 following described lands:

23 Lot 2, Sec. 2, T 33 N, R 1 W, M.D.B. & M.

24 Lot 3, Sec. 2, T 33 N, R 1 W, M.D.B. & M. *out*

25 provided, however, that all water so diverted, with the exception of that
26 necessarily lost in transportation and that consumed for the above mentioned
27 domestic, stock watering, and irrigation uses, shall be returned to the
28 natural channel of North Cow Creek at a point opposite the Phillips Mill and
29 within Lot 3, Section 2, T 33 N, R 1 W, M.D.B. & M.

30 (12th) Lillie Grace Phillips is entitled to divert from the
31 natural flow of North Cow Creek, through the Phillips Garden Ditch,

1 0.25 cubic foot per second,
2 or as much thereof as she directly applies to beneficial use for the purposes
3 hereinafter set forth; said water to be diverted from said North Cow Creek at
4 a point (designated on Division of Water Rights Map as Diversion 70) which
5 bears approximately S 70° 30' W, approximately 2440 feet distant from the
6 northeast corner of Section 2, T 33 N, R 1 W, M.D.B. & M., being within the
7 NW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 2, and said water to be used for conveying sawdust,
8 and for the irrigation of 0.3 acre, upon the following described lands:
9 Lot 3, Sec. 2, T 33 N, R 1 W, M.D.B. & M. *in*
10 SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 2, T 33 N, R 1 W, M.D.B. & M.
11 provided, however, that all water so diverted, with the exception of that
12 necessarily lost in transportation and that consumed by said irrigation use,
13 shall be returned to the natural channel of North Cow Creek immediately below
14 the Phillips Mill Bridge and within Lot 3, Section 2, T 33 N, R 1 W, M.D.B. & M.
15 (13th) H. O. Bishop is entitled to divert from the natural or
16 developed flow of Alder No. 1 Spring situated at a point (designated on
17 Division of Water Rights Map as Diversion 5) which bears approximately N 81°
18 00' E, approximately 570 feet distant from the southwest corner of Section
19 17, T 34 N, R 1 E, M.D.B. & M., being within the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 17, *out*
20 through the Bishop Spring Ditch, leading from said spring,
21 the entire flow of said spring,
22 or as much thereof as he directly applies to beneficial use for the purposes
23 hereinafter set forth; said water to be diverted at the above described
24 spring, and used for domestic, stock watering, and irrigation purposes upon
25 his lands as described in Schedule I hereof.
26 (14th) H. O. Bishop is entitled to divert from the natural or
27 developed flow of Lower Spring situated at a point (designated on Division of *out*
28 Water Rights Map as Diversion 6) which bears approximately N 68° 00' E,
29 approximately 600 feet distant from the southwest corner of Section 17, T 34 N,
30 R 1 E, M.D.B. & M., being within the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 17, through the
31 Bishop Spring Ditch, leading from said spring,
 the entire flow of said spring,

1 or as much thereof as he directly applies to beneficial use for the purposes
2 hereinafter set forth; said water to be diverted at the above described spring
3 and used for domestic, stock watering, and irrigation purposes upon his lands
4 as described in Schedule I hereof.

5 (15th) Emil Plaetke is entitled to divert from the natural flow ✓
6 of an unnamed spring channel, through either the Earl Patton East Spring Ditch,
7 or the Earl Patton Feeder Ditch, or in part through both of said ditches
8 the entire flow of said spring channel, -*Tract 4-3*
9 or as much thereof as he directly applies to beneficial use for the purposes
10 hereinafter set forth; said water to be diverted from said unnamed spring
11 channel, through the Earl Patton East Spring Ditch, at a point (designated
12 on Division of Water Rights Map as Diversion 14) which bears approximately *out*
13 N 87° 00' W, approximately 1430 feet distant from the east quarter corner
14 of Section 30, T 34 N, R 1 E, M.D.B. and M., being within the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of said
15 Section 30, and through the Earl Patton Feeder Ditch, at a point (designated
16 on Division of Water Rights Map as Diversion 15) which bears approximately
17 N 89° 00' W, approximately 1420 feet distant from the east quarter corner of
18 said Section 30, being within the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 30, and said water
19 to be used for domestic, stock watering and irrigation purposes upon his lands
20 as described in Schedule I hereof.

21 (16th) Emil Plaetke is entitled to divert from the natural or ✓
22 developed flow of an unnamed spring situated at a point (designated on Divisio
23 of Water Rights Map as Diversion 16) which bears approximately S 87° 00' E,
24 approximately 1270 feet distant from the west quarter corner of Section 30,
25 T 34 N, R 1 E, M.D.B. & M., being within the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 30,
26 through the Earl Patton West Spring Ditch and Pipe Line, leading from said *out*
27 spring,

28 the entire flow of said spring, (*Tract 4-3*)
29 or as much thereof as he directly applies to beneficial use for the purposes
30 hereinafter set forth; said water to be diverted at the above described spring
31 and used for domestic, stock watering, and irrigation purposes upon his lands

1 as described in Schedule I hereof.

2 (17th) Francis R. Fassett and Holly Adams Fassett, jointly, are
3 entitled to divert from the natural or developed flow of an unnamed spring
4 situated at a point (designated on Division of Water Rights Map as Diversion
5 25) which bears approximately S 14° 00' E, approximately 3000 feet distant
6 from the north quarter corner of Section 31, T 34 N, R 1 E, M.D.B. & M., being
7 within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 31, through an unnamed channel leading
8 from said spring into the Frisbie and Dozier Regulating Reservoir and thence
9 through the Frisbie and Dozier Ditch System, *out*

10 the entire flow of said spring,
11 or as much thereof as they directly apply to beneficial use for the purposes
12 hereinafter set forth; said water to be diverted at the above described spring
13 and used for domestic, stock watering, and irrigation purposes upon the lands
14 of said parties as described in Schedule I hereof.

15 (18th) Francis R. Fassett and Holly Adams Fassett, jointly, are
16 entitled to divert from the natural or developed flow of Garden Spring situated
17 at a point (designated on Division of Water Rights Map as Diversion 26) which
18 bears approximately S 37° 00' W, approximately 2660 feet distant from the
19 north quarter corner of Section 31, T 34 N, R 1 E, M.D.B. & M., being within
20 the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 31, through the Garden Spring Ditch, leading from
21 said spring,

22 the entire flow of said spring, *out*
23 or as much thereof as they directly apply to beneficial use for the purpose
24 hereinafter set forth; said water to be diverted at the above described
25 spring and used for domestic, stock watering, and irrigation purposes upon
26 the lands of said parties as described in Schedule I hereof.

27 (19th) Francis R. Fassett and Holly Adams Fassett, jointly, are
28 entitled to divert from the natural or developed flow of an unnamed spring
29 situated at a point (designated on Division of Water Rights Map as Diversion
30 27) which bears approximately S 6° 00' W, approximately 1410 feet distant
31 from the north quarter corner of Section 31, T 34 N, R 1 E, M.D.B. & M.,

1 being within the SE¹/₄ NW¹/₄ of said Section 31, through the Frisbie and Dozier
2 Domestic Pipe Line, leading from said spring, *out*
3 the entire flow of said spring,
4 or as much thereof as they directly apply to beneficial use for the purpose
5 hereinafter set forth; said water to be diverted at the above described
6 spring, and used for domestic purposes within the NE¹/₄ NW¹/₄ of said Section 31.

7 (20th) Mrs. Lillie M. Spaulding is entitled to divert from the
8 flow in Haley Swale, leading from the Alonzo Haley irrigated lands, through
9 the Johnson Waste Channel Ditch,

10 0.65 cubic foot per second *out*

11 or as much thereof as she directly applies to beneficial use for the purposes
12 hereinafter set forth; said water to be diverted from said Haley Swale at a
13 point (designated on Division of Water Rights Map as Diversion 35) which bears
14 approximately N 27° 00' E, approximately 1250 feet distant from the south
15 quarter corner of Section 14, T 34 N, R 1 W, M.D.B. & M., being within the
16 SW¹/₄ SE¹/₄ of said Section 14, and said water to be used for domestic, stock
17 watering and irrigation purposes upon her lands as described in Schedule I
18 hereof.

19 (21st) Alex Hansen is entitled to divert from the flow in Haley
20 Swale, leading from the Alonzo Haley irrigated lands and through the Lillie
21 M. Spaulding irrigated lands, through the McCandless Waste Channel Ditch

22 0.65 cubic foot per second, *out*

23 or as much thereof as he directly applies to beneficial use for the purposes
24 hereinafter set forth; said water to be diverted from said Haley Swale at a
25 point (designated on Division of Water Rights Map as Diversion 36) which
26 bears approximately N 29° 00' E, approximately 420 feet distant from the
27 south quarter corner of Section 14, T 34 N, R 1 W, M.D.B. & M., being within
28 the SW¹/₄ SE¹/₄ of said Section 14, and said water to be used for domestic,
29 stock watering, and irrigation purposes upon his lands as described in
30 Schedule I hereof.

31 (22nd) Alex Hansen is entitled to divert from the natural flow

1 of Frank Storey Spring Channel, through either the McCandless Upper Spring
2 Ditch, or the McCandless Lower Spring Ditch, or in part through both of said
3 ditches,
4 the entire flow of said spring channel, *out*
5 or as much thereof as he directly applies to beneficial use for the purposes
6 hereinafter set forth; said water to be diverted from said Frank Storey Spring
7 Channel, through the McCandless Upper Spring Ditch, at a point (designated on
8 Division of Water Rights Map as Diversion 37) which bears approximately N 74°
9 00' W, approximately 1950 feet distant from the south quarter corner of
10 Section 14, T 34 N, R 1 W, M.D.B. & M., being within the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said
11 Section 14, and through the McCandless Lower Spring Ditch, at a point (desig-
12 nated on Division of Water Rights Map as Diversion 38) which bears approximatel:
13 N 76° 00' W, approximately 950 feet distant from the south quarter corner of
14 said section 14, being within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 14, and said water
15 to be used for domestic, stock watering, and irrigation purposes upon his
16 lands as described in Schedule I hereof.

17 (23rd) Wilford E. Ross, John Q. Cox, James W. Ballard, John
18 Passons, Edward Rice, and E. C. English, jointly, are entitled to divert the
19 entire natural flow of all of three unnamed spring channels, through the
20 Welch and Strayer Ditch, or as much thereof as they directly apply to bene- *out*
21 ficial use for the purposes hereinafter set forth; said water to be diverted
22 from one of said unnamed spring channels at a point (designated on Division
23 of Water Rights Map as Diversion 46) which bears approximately S 46° 30' E,
24 approximately 1830 feet distant from the northwest corner of Section 8, T 33 N,
25 R 1 E, M.D.B. & M., being within the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 8, from another
26 of said unnamed spring channels at a point (designated on Division of Water
27 Rights Map as Diversion 47) which bears approximately S 39° 30' E, approxim-
28 ately 1700 feet distant from the northwest corner of said Section 8, being
29 within the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 8, and from the third of said unnamed
30 spring channels at a point (designated on Division of Water Rights Map as
31 Diversion 48) which bears approximately S 26° 30' E, approximately 1500 feet

1 distant from the northwest corner of said Section 8, being within the NW¹/₄ NW¹/₄
2 of said Section 8, and said water to be used for domestic, stock watering, and
3 irrigation purposes upon the lands of the various parties enumerated in this
4 paragraph as described in Schedule I hereof.

5 (24th) O. L. Rose, Evert G. Angle, Emma A. Thomas, John W. Maxwell,
6 and Mae Belle Phillips, jointly, are entitled to divert the entire natural
7 flow of all of five unnamed spring channels, through the Excelsior Ditch,
8 or as much thereof as they directly apply to beneficial use, for the purposes
9 hereinafter set forth; said water to be diverted from said five unnamed spring
10 channels at the following described points, respectively:

11 (1) At a point (designated on Division of Water Rights Map as *out*
12 Diversion 51) which bears approximately N 88° 30' E, approximately 2370 feet
13 distant from the southwest corner of Section 5, T 33 N, R 1 E, M.D.B. & M.,
14 being within the SE¹/₄ SW¹/₄ of said Section 5.

15 (2) At a point (designated on Division of Water Rights Map as
16 Diversion 52) which bears approximately S 81° 30' E, approximately 1820 feet
17 distant from the northwest corner of Section 8, T 33 N, R 1 E, M.D.B. & M.,
18 being within the NE¹/₄ NW¹/₄ of said Section 8.

19 (3) At a point (designated on Division of Water Rights Map as
20 Diversion 53) which bears approximately S 62° 00' E, approximately 1340 feet
21 distant from the northwest corner of Section 8, T 33 N, R 1 E, M.D.B. & M.,
22 being within the NW¹/₄ NW¹/₄ of said Section 8.

23 (4) At a point (designated on Division of Water Rights Map as
24 Diversion 54) which bears approximately S 41° 00' E, approximately 1400 feet
25 distant from the northwest corner of Section 8, T 33 N, R 1 E, M.D.B. & M.,
26 being within the NW¹/₄ NW¹/₄ of said Section 8.

27 (5) At a point (designated on Division of Water Rights Map as
28 Diversion 55) which bears approximately S 35° 00' E, approximately 1320 feet
29 distant from the northwest corner of Section 8, T 33 N, R 1 E, M.D.B. & M.,
30 being within the NW¹/₄ NW¹/₄ of said Section 8. Said water to be used for
31 domestic, stock watering, and irrigation purposes upon the lands of the

1 various parties enumerated in this paragraph as described in Schedule I hereof.

2 (25th) Evert G. Angle is entitled to divert from the natural or
3 developed flow of an unnamed spring situated at a point (designated on Division
4 of Water Rights Map as Diversion 67) which bears approximately N 22° 30' W,
5 approximately 2600 feet distant from the southeast corner of Section 12, T 33
6 N, R 1 W, M.D.B. & M., being within the NE¹ SE¹ of said Section 12, through
7 the Angle Spring Ditch, leading from said spring,

8 the entire flow of said spring, *out*

9 or as much thereof as he directly applies to beneficial use for the purposes
10 hereinafter set forth; said water to be diverted at the above described spring,
11 and used for domestic, stock watering, and irrigation purposes upon his lands
12 as described in Schedule I hereof.

13 (26th) J. W. Maxwell and Mae Belle Phillips, jointly, are entitled
14 to divert from the flow in Thomas Swale, leading from the Emma A. Thomas
15 irrigated lands, through the Maxwell Waste Channel Ditch, the return water
16 there flowing to the extent of 0.50 cubic foot per second, or as much thereof
17 as they directly apply to beneficial use for the purposes hereinafter set *out*
18 forth; said water to be diverted from said Thomas Swale at a point (designated
19 on Division of Water Rights Map as Diversion 68) which bears approximately
20 S 52° 00' E, approximately 1510 feet distant from the northwest corner of
21 Section 13, T 33 N, R 1 W, M.D.B. & M., being within the NW¹ NW¹ of said
22 Section 13, and said water to be used for domestic, stock watering, and irriga-
23 tion purposes upon their lands as described in Schedule I hereof.

24 (27th) C. B. Jones is entitled to divert from the natural or
25 developed flow of Maple Spring situated at a point (designated on Division
26 of Water Rights Map as Diversion 72) which bears approximately N 72° 00' W,
27 approximately 960 feet distant from the east quarter corner of Section 34,
28 T 34 N, R 1 W, M.D.B. & M., being within the SE¹ NE¹ of said Section 34
29 through an unnamed ditch leading from said spring,

30 the entire flow of said spring, *out*

31 or as much thereof as he directly applies to beneficial use for the purposes

1 hereinafter set forth; said water to be diverted from said unnamed channel at
2 a point (designated on Division of Water Rights Map as Diversion 75) which
3 bears approximately S 28° 30' E, approximately 2970 feet distant from the
4 northwest corner of Section 34, T 34 N, R 1 W, M.D.B. & M., being within
5 the NE¹/₄ SW¹/₄ of said Section 34, and said water to be used for domestic, stock
6 watering, and irrigation purposes upon his lands as described in Schedule I
7 hereof.

8 (31st) A. F. Pehrson is entitled to divert the entire natural or
9 developed flows of Big Spring situated at a point (designated on Division of
10 Water Rights Map as Diversion 76) which bears approximately N 88° 30' E, *out*
11 approximately 2500 feet distant from the southwest corner of Section 27, T 34
12 N, R 1 W, M.D.B. & M., being within the SE¹/₄ SW¹/₄ of said Section 27, through an
13 unnamed ditch leading from said Big Spring, of Indian Spring situated at a
14 point (designated on Division of Water Rights Map as Diversion 77) which bears
15 approximately S 35° 00' E, approximately 2510 feet distant from the northwest
16 corner of Section 34, T 34 N, R 1 W, M.D.B. & M., being within the NE¹/₄ NW¹/₄ of
17 said Section 34, through an unnamed ditch, leading from said Indian Spring,
18 of Lake Spring situated at a point (designated on Division of Water Rights
19 Map as Diversion 78) which bears approximately S 72° 30' E, approximately
20 1700 feet distant from the northwest corner of said Section 34, being within
21 the NE¹/₄ NW¹/₄ of said Section 34, through an unnamed ditch, leading from said
22 Lake Spring, of Reservoir Spring situated at a point (designated on Division
23 of Water Rights Map as Diversion 79) which bears approximately S 89° 00' E,
24 approximately 1360 feet distant from the northwest corner of said Section 34,
25 being within the NE¹/₄ NW¹/₄ of said Section 34, through an unnamed ditch, lead-
26 ing from said Reservoir Spring, and of House Spring situated at a point
27 (designated on Division of Water Rights Map as Diversion 80) which bears
28 approximately S 64° 30' E, approximately 580 feet distant from the northwest
29 corner of said Section 34, being within the NW¹/₄ NE¹/₄ of said Section 34,
30 through two pipe lines, leading from said House Spring, or as much thereof
31 as he directly applies to beneficial use for the purposes hereinafter set

1 forth; said water to be diverted at the above described springs, and used for
2 domestic, stock watering, and irrigation purposes upon his lands as described
3 in Schedule I hereof.

4 (32nd) Mrs. Augusta I. Hobson is entitled to divert from the
5 natural or developed flows of two springs, known as Orchard Springs, situated
6 at two points (designated on Division of Water Rights Map as Diversions 95
7 and 96) which bear approximately N 30° 30' E, and N 26° 00' E, approximately
8 1640 and 1920 feet distant, respectively, from the southwest corner of Section
9 6 T 33 N, R 1 W, M.D.B. & M., being within Lot 6 of said Section 6, through
10 two unnamed pipe lines, one leading from each of said springs,
11 the entire flow of said springs, *out?*
12 or so much thereof as she directly applies to beneficial use for the purpose
13 hereinafter set forth; said water to be diverted at the above described
14 springs and used for the irrigation of the following described lands:

15 $\frac{0.7}{0.7}$ acre in Lot 6, Sec. 6, T 33 N, R 1 W, M.D.B. & M.
16 0.7 acre - Total

17 (33rd) Mrs. Augusta I. Hobson is entitled to divert from the
18 natural or developed flow of an unnamed spring situated at a point (designated
19 on Division of Water Rights Map as Diversion 97) which bears approximately
20 S 49° 30' E, approximately 2170 feet distant from the north quarter corner
21 of Section 6, T 33 N, R 1 W, M.D.B. & M., being within the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of said
22 Section 6, through the Hobson Domestic Pipe Line, leading from said spring,
23 the entire flow of said spring, *out?*
24 or as much thereof as she directly applies to beneficial use for the purpose
25 hereinafter set forth; said water to be diverted at the above described spring
26 and used for domestic purposes within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 6.

27 (34th) R. A. Ward is entitled to divert from the natural or
28 developed flow of an unnamed spring situated at a point (designated on
29 Division of Water Rights Map as Diversion 98) which bears approximately S 55°
30 00' E, approximately 1100 feet distant from the north quarter corner of Section
31 6, T 33 N, R 1 W, M.D.B. & M., being within Lot 2 of said Section 6, through
the Ward Domestic Pipe Line, leading from said spring,

1 the entire flow of said spring, *out*
2 or as much thereof as he directly applies to beneficial use for the purpose
3 hereinafter set forth; said water to be diverted at the above described spring,
4 and used for domestic purposes within the SE¹ SW¹ of Section 31, T 34 N, R 1 W,
5 M.D.B. & M.

6 (35th) J. G. Asher is entitled to divert from the natural or
7 developed flow of an unnamed spring situated at a point (designated on Division
8 of Water Rights Map as Diversion 103) which bears approximately S 81° 00' W,
9 approximately 780 feet distant from the northeast corner of Section 2, T 33 N,
10 R 2 W, M.D.B. & M., being within the NE¹ NE¹ of said Section 2, through the
11 Asher Domestic Pipe Line, leading from said spring,

12 the entire flow of said spring, *out*
13 or as much thereof as he directly applies to beneficial use for the purpose
14 hereinafter set forth; said water to be diverted at the above described spring,
15 and used for domestic purposes within the NE¹ NE¹ of said Section 2.

16 (36th) California Zinc Company is entitled to divert from the
17 natural flow of North Cow Creek, through the California Zinc Company Upper
18 Pumping Plant,

19 0.04 cubic foot per second, *in*
20 or as much thereof as said Company applies to beneficial use for the purposes
21 hereinafter set forth; said water to be diverted from said North Cow Creek *in*
22 at a point (designated on Division of Water Rights Map as Diversion 104) *5/1*
23 which bears approximately N 32° 00' W, approximately 1560 feet distant from
24 the east quarter corner of Section 10, T 33 N, R 2 W, M.D.B. & M., being within
25 the NE¹ of NE¹ of said Section 10, and said water to be used for fire protec-
26 tion purposes and for the operation of a compressor on the Fitzsimmons Claim
27 within the NE¹ NE¹ of said Section 10;
28 provided, however, that all water so diverted, with the exception of that
29 necessarily lost in transportation and that consumed by said uses, shall be
30 returned to the natural channel of North Cow Creek within the NE¹ NE¹ of
31 said Section 10.

1 (37th) California Zinc Company is entitled to divert from the
 2 natural flow of North Cow Creek, through the California Zinc Company Lower T³³N R²W
 3 Pumping Plant, 51
 4 0.55 cubic foot per second, in
 5 or as much thereof as said company directly applies to beneficial use for
 6 the purposes hereinafter set forth; said water to be diverted from said North
 7 Cow Creek at a point (designated on Division of Water Rights Map as Diversion
 8 105) which bears approximately N 83° 00' E, approximately 2250 feet distant
 9 from the southwest corner of Section 10, T 33 N, R 2 W, M.D.B. & M., being
 10 within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 10, and said water to be used for milling
 11 purposes at the mill of said Company situated in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$ of
 12 Section 15, T 33 N, R 2 W, M.D.B. & M., and for domestic and municipal
 13 purposes within the town of Ingot, in Shasta County, California.

14 (38th) E. C. Frisbie is at all times entitled to divert
 15 0.95 cubic foot per second, 4-2
 16 or the entire quantity of the natural flow of Tolidy Spring Channel, or as in
 17 much thereof as he directly applies to beneficial use, either through the
 18 Patton South Ditch or the Patton North Ditch, or in part through both of
 19 said ditches, all of said water to be diverted either at a point which bears
 20 approximately North 51° 00' East, approximately 2180 feet distant from the
 21 southwest corner of Section 20, Township 34 North, Range 1 East, M.D.B. and
 22 M., being within the Northeast quarter of the Southwest quarter of said
 23 Section 20, or at a point which bears approximately North 5° 30' East,
 24 approximately 2195 feet distant from said southwest corner of said Section 20,
 25 being within the Northwest quarter of the Southwest quarter of said Section
 26 20, and all of said water shall be used for domestic and stock watering
 27 purposes and for the irrigation of that portion of his lands described as
 28 follows:

29	1.9 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 20, T 34 N, R 1 E, M.D.B. & M.
	1.6 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 20, T 34 N, R 1 E, M.D.B. & M.
30	25.4 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 19, T 34 N, R 1 E, M.D.B. & M.
	27.8 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 19, T 34 N, R 1 E, M.D.B. & M.
31	26.0 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 19, T 34 N, R 1 E, M.D.B. & M.
	0.7 acre in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 19, T 34 N, R 1 E, M.D.B. & M.
	2.8 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 19, T 34 N, R 1 E, M.D.B. & M.
	<hr/> 86.2 acres - Total

1 provided, that all of said water so diverted from said Tolidy Spring Channel
2 for said irrigation use shall be used only upon lands within the watershed
3 of said Tolidy Spring Channel and none of said water shall be transported
4 for use upon any lands outside of said watershed of Tolidy Spring Channel,
5 during the irrigation season, except three miner's inches under a four inch
6 pressure for domestic, stock watering and irrigation purposes, measured at
7 the intake of the lateral near a corral in the Southwest quarter of the
8 Northeast quarter of the Northwest quarter of the Southeast quarter of Section
9 19, Township 34 North, Range 1 East, M.D.B. & M., such use to be by
10 continuous flow or its equivalent, to be used upon said last described tract
11 of land.

12 (39th) E. C. Frisbie is at all times entitled to divert

13 0.15 cubic foot per second, 4-2

14 or the entire quantity of the natural flow of an unnamed spring channel, or
15 as much thereof as he directly applies to beneficial use, through ^D the Patton
16 Spring Ditch, all of said water to be diverted at a point which bears approx-
17 imately North 45° 00' East, approximately 375 feet distant from the quarter
18 corner common to Sections 19 and 20, Township 34 North, Range 1 East,
19 M.D.B. and M., being within the Southwest quarter of the Northwest quarter
20 of said Section 20; and all of said water shall be used for domestic and
21 stock watering purposes and for the irrigation of 86.2 acres of his lands
22 described hereinbefore in paragraph (38th); and said E. C. Frisbie is at all
23 times entitled to divert the entire natural flow of an unnamed spring, or as
24 much thereof as he directly applies to beneficial use, all of said water to
25 be diverted at a point ⁽²⁾ which bears approximately North 20° 30' East, approx-
26 imately 2100 feet distant from the quarter corner common to Sections 19 and
27 20, Township 34 North, Range 1 East, M.D.B. and M., being within the North-
28 west quarter of the Southeast quarter of said Section 19; and all of said
29 water shall be used for domestic and stock watering purposes and for the
30 irrigation of that portion of his lands described as follows:

31
$$\frac{4.9 \text{ acres in the NW}\frac{1}{4} \text{ SE}\frac{1}{4} \text{ Sec. 19, T 34 N, R 1 E, M.D.B. \& M.}}{4.9 \text{ acres - Total}}$$

1 IT IS FURTHER ORDERED, ADJUDGED, AND DECREED, subject to all of the
2 foregoing rights and provisions, as follows, to-wit:

3 (40th) The parties to this action are entitled to an equal and
4 correlative right in and to the use of waters of North Cow Creek and its
5 tributaries during the period between May first and October thirtieth of each
6 year, as hereinafter provided; and nothing herein contained shall be con-
7 strued as in any way limiting or restricting the rights of the various parties
8 hereto, who require water from North Cow Creek and its tributaries outside of
9 said period, to divert and use such of the waters of said stream system as
10 they may be legally entitled to, during the period between October thirtieth
11 of each year and May first of the succeeding year.

12 (41st) The various parties to this action are divided into three
13 classes, known as Cedar Creek Users, North Cow Creek Class A Users, and North
14 Cow Creek Class B Users, as set forth, respectively, in Schedules II, III and
15 IV, hereunto annexed and made a part hereof.

16 (42nd) All of the allotments of water hereinafter provided for
17 said Cedar Creek Users, North Cow Creek Class A Users, and North Cow Creek
18 Class B Users shall be diverted from the North Cow Creek stream system at the
19 present intakes of the respective ditches of said Users, as said intakes are
20 described in Schedule VIII, hereunto annexed and made a part hereof.

21 (43rd) During the period between May first and October thirtieth
22 of each year, the Cedar Creek Users are entitled to divert water from the
23 natural flow of Cedar Creek and its tributaries through their respective
24 ditches, and to use the same for domestic and stock watering purposes, and
25 for the irrigation of their respective lands as described in Schedule I
26 hereof;
27 provided, that the respective amounts of water to which said Cedar Creek Users
28 are so entitled shall be limited to the amounts of water beneficially used
29 for said purposes, and shall not exceed the respective maximum irrigation
30 allotments specified in Schedule II hereof.

31 (44th) At any time during the period between May first and October

1 thirtieth of each year when the natural flow of Cedar Creek is in excess of
2 that necessary to supply the total allotments therefrom to the Cedar Creek
3 Users as hereinabove provided in paragraph (43rd), then, during the continuance
4 of such excess, Mrs. Lillie M. Spaulding and Alex Hansen may divert their
5 respective irrigation allotments as hereinafter provided in paragraphs (48th)
6 and (49th), all or in part, from such excess, through the Haley-Spaulding and
7 McCandless Ditches, respectively, in lieu of diverting said allotments from
8 the North Fork of North Cow Creek, or Minnie Gulch, through the Benbow Ditch.

9 (45th) At any time during the period between May first and October
10 thirtieth of each year when the natural flow of Cedar Creek and its tributaries
11 is inadequate to supply the total allotments therefrom to the Cedar Creek Users
12 as hereinabove provided in paragraph (43rd), then, during the continuance of
13 such shortage, said Cedar Creek Users shall divide the available water supply
14 of said Cedar Creek and its tributaries, in the ratios that their respective
15 maximum irrigation allotments, as specified in Schedule II, hereof, bear to
16 the total of their maximum irrigation allotments provided in said Schedule II.
17 The test of the apportionment of the ratios provided for in this paragraph,
18 in the case of such water shortage, shall be whether or not the Cedar Creek
19 Users are receiving their respective ratios, at the respective points of
20 measurement of their allotments as hereinafter provided in paragraph (62nd).

21 (46th) At all times during the period between May first and
22 October thirtieth of each year when the "net available water supply of North
23 Cow Creek and its tributaries", as hereinafter defined in paragraph (65th),
24 is in excess of 28.60 cubic feet per second, the North Cow Creek Class A
25 Users and the North Cow Creek Class B Users are entitled to continuously
26 divert water from the natural flow of North Cow Creek and its tributaries,
27 through their respective ditches, and to use the same for domestic and stock
28 watering purposes, and for the irrigation of their respective lands as des-
29 cribed in Schedule I hereof; provided, that the respective continuous flow
30 diversions to which said North Cow Creek Class A Users and North Cow Creek
31 Class B Users are so entitled, shall be limited to the amounts of water

1 beneficially used for said purposes, and shall not exceed the respective
2 maximum irrigation allotments specified in Schedules III and IV hereof;
3 provided, further, that at all times during the period between May first and
4 October thirtieth of each year, when the "net available water supply of North
5 Cow Creek and its tributaries" is in excess of 28.60 cubic feet per second but
6 inadequate to supply the full continuous flow allotments hereinabove provided
7 in this paragraph for the North Cow Creek Class A Users and North Cow Creek
8 Class B Users, then the "net available water supply of North Cow Creek and its
9 tributaries" shall be divided among said North Cow Creek Class A Users and
10 said North Cow Creek Class B Users in the ratios that their respective
11 maximum irrigation allotments as provided in said Schedules III and IV bear
12 to the total of the maximum irrigation allotments provided in said Schedules
13 III and IV. The test of apportionment of the ratios provided for in this
14 paragraph, in the case of such water shortage, shall be whether or not the
15 North Cow Creek Class A Users and the North Cow Creek Class B Users are
16 receiving their respective ratios, at the respective points of measurement
17 of their allotments as hereinafter provided in paragraph (62nd); and provided,
18 further, that the owners of the Pehrson-Grant-Jones Ditch shall at all times
19 be entitled to divert a minimum of 0.80 cubic foot per second.

20 (47th) The period between 8:00 o'clock A. M., on May first and
21 8:00 o'clock A. M., on October thirtieth of each and every year is divided
22 into 26 irrigation periods, as set forth in Schedule V, hereunto annexed
23 and made a part hereof.

24 (48th) At all times during the first, third, fifth, seventh, ninth,
25 eleventh, thirteenth, fifteenth, seventeenth, nineteenth, twenty-first,
26 twenty-third, and twenty-fifth irrigation periods, as set forth in Schedule
27 V hereof, when the "net available water supply of North Cow Creek and its
28 tributaries" is less than 28.60 cubic feet per second, the North Cow Creek
29 Class A Users are entitled to divert water from the natural flow of North Cow
30 Creek and its tributaries through their respective ditches, and to use the
31 same for domestic and stock watering purposes, and for the irrigation of their

1 respective lands as described in Schedule I hereof; provided, that the
2 respective amounts of water to which said North Cow Creek Class A Users are
3 so entitled shall be limited to the amounts of water beneficially used for
4 said purposes, and shall not exceed the maximum irrigation allotments
5 specified in Schedule III, hereof.

6 (49th) At all times during the second, fourth, sixth, eighth, tenth,
7 twelfth, fourteenth, sixteenth, eighteenth, twentieth, twenty-second, twenty-
8 fourth, and twenty-sixth irrigation periods, as set forth in Schedule V
9 hereof, when the "net available water supply of North Cow Creek and its
10 tributaries" is less than 28.60 cubic feet per second, the North Cow Creek
11 Class B Users are entitled to divert water from the natural flow of North
12 Cow Creek and its tributaries through their respective ditches, and to use the
13 same for domestic and stock watering purposes, and for the irrigation of their
14 respective lands as described in Schedule I hereof; provided, that the
15 respective amounts of water to which said North Cow Creek Class B Users are
16 so entitled shall be limited to the amounts of water beneficially used for
17 said purposes, and shall not exceed the maximum irrigation allotments
18 specified in Schedule IV hereof.

19 (50th) During the first, third, fifth, seventh, ninth, eleventh,
20 thirteenth, fifteenth, seventeenth, nineteenth, twenty-first, twenty-third,
21 and twenty-fifth irrigation periods, the North Cow Creek Class B Users are
22 at all times entitled to divert from the natural flow of North Cow Creek and
23 its tributaries through their respective ditches, their respective minimum
24 allotments specified in Schedule VI, hereunto annexed and made a part hereof,
25 for use for domestic and stock watering purposes, and to prevent damage which
26 might otherwise be caused by their ditches remaining entirely dry; provided,
27 however, that any water so diverted, over and above ~~that~~ consumed for said
28 purposes, and that necessarily lost in transportation, shall be directly
29 returned to the natural channel of North Cow Creek or one of its tributaries,
30 in all cases where such return is reasonably possible.

31 (51st) During the second, fourth, sixth, eighth, tenth, twelfth,

1 fourteenth, sixteenth, eighteenth, twentieth, twenty-second, twenty-fourth,
2 and twenty-sixth irrigation periods, the North Cow Creek Class A Users are
3 at all times entitled to divert from the natural flow of North Cow Creek and
4 its tributaries through their respective ditches, their respective minimum
5 allotments specified in Schedule VI hereof, for use for domestic and stock
6 watering purposes, and to prevent damage which might otherwise be caused by
7 their ditches remaining entirely dry; provided, however, that any water so
8 diverted, over and above that consumed for said purposes, and that necessarily
9 lost in transportation, shall be directly returned to the natural channel of
10 North Cow Creek or one of its tributaries, in all cases where such return is
11 reasonably possible and as hereinafter set forth in paragraph (58th).

12 (52nd) At all times during the first, third, fifth, seventh,
13 ninth, eleventh, thirteenth, fifteenth, seventeenth, nineteenth, twenty-first,
14 twenty-third, and twenty-fifth irrigation periods, when the natural flow of
15 North Cow Creek and its tributaries is inadequate to supply the maximum
16 irrigation allotments therefrom to the North Cow Creek Class A Users, as
17 hereinabove provided in Paragraph (48th) and at the same time supply the
18 minimum allotments to the North Cow Creek Class B Users as hereinabove
19 provided in Paragraph (50th), then, during the continuance of such shortage,
20 the North Cow Creek Class A Users shall divide the net available water supply
21 of said North Cow Creek and its tributaries over and above the amount of water
22 necessary to supply said minimum allotments, in the ratios that their maximum
23 irrigation allotments as specified in Schedule III hereof, bear to the total
24 of their maximum irrigation allotments provided in said Schedule III. The
25 test of the apportionment of the ratios provided for in this paragraph, in
26 the case of such water shortage, shall be whether or not the North Cow Creek
27 Class A Users are receiving their respective ratios, at the respective
28 points of measurement of their allotments as hereinafter provided in para-
29 graph (62nd).

30 (53rd) At all times during the second, fourth, sixth, eighth,
31 tenth, twelfth, fourteenth, sixteenth, eighteenth, twentieth, twenty-second

1 twenty-fourth, and twenty-sixth irrigation periods, when the natural flow of
2 North Cow Creek and its tributaries is inadequate to supply the maximum
3 irrigation allotments therefrom to the North Cow Creek Class B Users, as here-
4 inabove provided in Paragraph (49th), and at the same time supply the minimum
5 allotments to the North Cow Creek Class A Users as hereinabove provided in
6 paragraph (51st), then, during the continuance of such shortage, the North
7 Cow Creek Class B Users shall divide the net available water supply of said
8 North Cow Creek and its tributaries, over and above the amount of water
9 necessary to supply said minimum allotments, in the ratios that their maximum
10 irrigation allotments as specified in Schedule IV hereof, bear to the total of
11 their maximum irrigation allotments provided in said Schedule IV. The test of
12 the apportionment of the ratios provided for in this paragraph, in the case of
13 such shortage, shall be whether or not the North Cow Creek Class B Users are
14 receiving their respective ratios, at the respective points of measurement of
15 their allotments as hereinafter provided in paragraph (62nd).

16 (54th) Whenever there is a surplus of water in North Cow Creek and
17 its tributaries over and above the flow necessary to supply all of the rights
18 hereinabove provided, then such surplus water may be apportioned among the
19 parties hereto for use for domestic and stock watering purposes and for the
20 irrigation of their respective lands as described in Schedule I hereof, in
21 the ratios that their respective total irrigated areas, as set forth in said
22 Schedule I, bear to the total of the irrigated areas included in said Schedule
23 I; provided, however, that the amounts of surplus water so diverted shall be
24 limited to the amounts of water beneficially used for said purposes.

25 (55th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that the
26 provisions of paragraphs (40th) to (54th), inclusive, hereof, shall not
27 apply to or restrict the uses by any of the parties, or their successors,
28 of the waters under the rights set forth in paragraphs (4th) to (39th),
29 inclusive, hereof.

30 (56th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that nothing
31 herein contained shall be construed so as to prevent any of the parties hereto,

1 having a joint ditch, where there is a continuous flow allotment to said ditch,
2 from employing by agreement of such joint users of said ditch, a system of
3 rotation as among themselves different or independent of the one hereinbefore
4 set forth, or from preventing any of the parties hereto from using all or any
5 portion of their respective allotments on all or any portion of their respect-
6 ive lands, so long as the maximum quantity of water shall not exceed the
7 maximum allotment awarded to their entire lands, except as otherwise herein
8 provided in paragraphs (38th) and (39th).

9 Nor shall anything herein contained be construed so as to prevent
10 the sale, exchange or lease of the use of any water herein allotted; provided,
11 however, that no sale, exchange or lease shall be made of water used in one
12 class for use in the opposite class; and provided, further, that no such
13 agreed method of rotation or sale or lease shall materially affect the system
14 of rotation herein provided for.

15 (57th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that upon
16 request of any party hereto, the Division of Water Resources of the Department
17 of Public Works of the State of California, or its successor, as the same is
18 now or may hereafter be constituted, may investigate, and if upon investigation
19 it appears to said Division that necessity therefor exists, said Division,
20 or in case said Division shall fail to act, then the judge of the Superior
21 Court of Shasta County, may appoint a water master to distribute the waters
22 of North Cow Creek and its tributaries in accordance with this decree, and
23 said water master, when so appointed, shall have power and authority to
24 inspect and regulate the diversions of all the parties hereto in accordance
25 with this decree, and in the exercise of such authority may enter upon the
26 lands of said parties for the purpose of such inspection and regulation and
27 may establish and maintain such gaging stations and measuring devices, and
28 require such diversion works to be constructed in such streams and such
29 head-gates to be installed in the diversion ditches, as may be necessary or
30 convenient. The water master, when so appointed, or his successor, shall
31 continue in authority until October thirtieth of the irrigation season for

1 which he was appointed unless otherwise agreed to by all parties hereto, but
2 shall not hold over from one irrigation season to another. All costs and
3 expense of distribution of water through the agency of such water master,
4 incurred by the said Division of Water Resources, or by the water master in the
5 event that his appointment is made by the judge of the Superior Court of Shasta
6 County, shall be borne by the parties hereto, in the ratios that the respective
7 continuous flow equivalents of their allotments, as provided in Schedule VII,
8 hereunto annexed and made a part hereof, bear to the total of such continuous
9 flow equivalents provided in said Schedule VII, and said costs shall be
10 subject to the supervision and control of said Court.

11 (58th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that it shall
12 be the further duty of any water master, appointed under the provisions of
13 paragraph (57th) hereof, to provide for the direct return to North Cow Creek
14 of any waste water which may be discharged from the Eldridge House Ditch
15 on the G. R. Eldridge place.

16 (59th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that the
17 owners of each ditch through which water is diverted from North Cow Creek or
18 its tributaries as herein provided, shall install, under the supervision of
19 an engineer appointed by the Division of Water Resources, such permanent
20 headgates and measuring devices as shall be required and approved by said
21 Division of Water Resources; such installations to be made prior to July 1,
22 1932, or such later date as may be ordered by the above entitled court. The
23 several ditch owners shall furnish all necessary labor and material for the
24 construction and installation of said headgates and measuring devices in their
25 respective ditches, and the cost of supervision as herein provided shall be
26 borne by the parties hereto, in the ratios that the respective continuous flow
27 equivalents of their allotments, as provided in Schedule VII, hereof, bear to
28 the total of such continuous flow equivalents provided in said Schedule VII.

29 (60th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that such
30 stream flow gaging stations be established in the channel of North Cow Creek
31 and its tributaries as will enable a determination from rating of such

1 stations of the quantity of water to which the parties hereto are entitled;
2 that such stations shall be constructed, installed and rated under the super-
3 vision of an engineer appointed by the Division of Water Resources of the
4 Department of Public Works of the State of California and the cost of the
5 installation of such gaging stations shall be borne by the parties hereto in
6 the ratios that the respective continuous flow equivalents of their allot-
7 ments as provided in Schedule VII hereof, bear to the total of such continuous
8 flow equivalents provided in said Schedule VII; and said engineer shall make
9 available all ratings of such stations for the use of the parties hereto.

10 (61st) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that A. F.
11 Pehrson, Jesse Grant and C. B. Jones, as the owners of the Pehrson-Grant-Jones
12 Ditch, are hereby given the right to store above the head of said ditch the
13 storm waters of North Cow Creek during the non-irrigation season and they
14 shall have the right to the use of such stored waters in addition to their
15 allotments herein; provided, that any dam and works by which such water is
16 stored shall not be so operated as to interfere with the natural flow of the
17 stream of North Cow Creek during the irrigation season; and provided, further,
18 that nothing herein shall be construed as limiting or restricting the right
19 of any party to the above entitled action to divert the waters of North Cow
20 Creek or its tributaries into storage during the non-irrigation season
21 provided that such storage and use shall not interfere with the natural flow
22 of the stream of North Cow Creek during the irrigation season,

23 (62nd) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that the
24 points of measurement of all allotments hereinbefore provided shall be at
25 the respective points of diversion from the stream system, except that the
26 allotments to the Frisbie and Dozier Ditch shall be measured at the point
27 where said ditch passes over the saddle between the North Cow Creek drainage
28 area and the Mill Creek drainage area, that the allotments to the Welch and
29 Strayer Ditch shall be measured at the flume crossing on the South Fork of
30 Mill Creek.

31 (63rd) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that the

1 term "directly apply to beneficial use", as herein used, shall be construed
2 to designate the direct conveyance and application of water diverted to
3 beneficial use without intermediate storage, except such regulatory storage
4 as may be practiced for the purpose of equalizing the flow of water diverted
5 to a convenient irrigation head, or except as otherwise herein provided.

6 (64th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that the
7 term "natural flow", as herein used, shall be construed to designate such
8 flow as will naturally occur at any given point in a stream from the run-off
9 of the watershed which it drains, from springs which naturally contribute to
10 the stream, from seepage, and from waste and return flow from dams, conduits
11 and irrigated lands; as distinguished from released stored water and from
12 "foreign water" directly conveyed to the stream from another watershed.

13 (65th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that the term
14 "net available water supply of North Cow Creek and its tributaries", as
15 herein used, shall be construed to designate the total amount of water avail-
16 able for diversion by all of the various conduits diverting from North Cow
17 Creek and its tributaries with the exception of those diverting from Mill
18 Creek and Cedar Creek; i. e. the water crop of North Cow Creek and all of
19 its tributaries with the exception of Mill and Cedar Creeks, plus the inflows
20 from Mill and Cedar Creeks at their respective junctions with North Cow Creek,
21 plus all waste and return flows to the stream system (except to Mill and Cedar
22 Creeks) from dams, conduits and irrigated lands, less all channel losses in
23 the stream system (except those occurring in the channels of Mill and Cedar
24 Creeks); said "net available water supply of North Cow Creek and its
25 tributaries" at any given time to be determined by combining the total of all
26 quantities of water being diverted from the stream system (except from Mill
27 Creek and Cedar Creek) with the flow of North Cow Creek immediately below
28 all diversions at the time.

29 (66th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that each
30 and every party to this action, his or her agents, successors, grantees and
31 assigns, be, and they are hereby perpetually enjoined and restrained from

1 doing anything in violation of the terms or provisions of this decree, or
2 diverting any water from said North Cow Creek and its tributaries at any time
3 in violation of the terms hereof, or from doing anything that will obstruct
4 or interfere with any other right in this decree adjudged and decreed.

5 (67th) IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that action
6 against F. H. Kenyon in the above entitled case be dismissed; that nothing
7 in this decree shall be construed as affecting or relating to any rights
8 or interests of E. L. Smith and Frances Smith, said Smiths not having been
9 served with summons and complaint in said action; and that the rights here-
10 inbefore decreed to C. S. Erickson in paragraphs (8th), (9th), and (10th)
11 are the only rights to water that he has in North Cow Creek and its trib-
12 utaries, said C. S. Erickson and Nellie M. Erickson, his wife, having waived
13 claim to all rights to divert from Cedar Creek.

14 (68th) FINALLY IT IS ORDERED, ADJUDGED, AND DECREED that each
15 party hereto shall pay his own costs; that the expenses incurred by said
16 Division of Water Resources and its predecessor, the Division of Water Rights,
17 as referee, as set forth in the Report of Referee, Supplemental Report of
18 Referee, and Second Supplemental Report of Referee on file in this action
19 shall be borne by the parties hereto in the following proportion:

20	<u>Name</u>	<u>Portion of Expense</u>
21	Erick Anderson	\$ 4.50
	Evert G. Angle	38.30
22	J. G. Asher	22.55

	Redding Savings Bank	31.55
13	Walter Melton	2.25
	E. C. Frisbie	46.46
14	Total	2245.29

15 that \$10.85, the balance of the amount due from the parties hereto to said
16 Division of Water Resources for expenses incurred in Water Master services
17 rendered during the 1930 season, as set forth in the Supplemental Report of
18 Referee on file in this action, shall be paid by Alonzo Haley; that the balance
19 of the amount due from the parties hereto to said Division of Water Resources
20 for expenses incurred in water master services rendered during the 1931 season,
21 as set forth in the Second Supplemental Report of Referee on file in this
22 action shall be borne by the following parties in the following proportion:

23	<u>Name</u>	<u>Portion of Expense</u>
24	Alonzo Haley	\$ 10.85
	V. Rozum and B. Rozum	12.80
25	Luella Lofton	6.40
	Total	\$ 30.05

26 and the parties hereto shall pay all assessments and apportionments set forth
27 in this paragraph to the clerk of this Court, except the \$36.85 due from
28 John Passons which has already been paid, within thirty days from the date of
29 this decree, said clerk to transmit said sums when paid to said Division of
30 Water Resources, 401 Public Works Building, Sacramento, California.

31 Done in open court this 29th day of April, 1932.

Filed April 29, 1932
Errol A. Yank
Clerk
By Ruth A. Presleigh
Deputy Clerk

SCHEDULE VIII

DESCRIPTIONS OF POINTS OF DIVERSION OF DITCHES

ENUMERATED IN SCHEDULES II, III, AND IV.

BISHOP DITCH ON CEDAR CREEK:

At a point (designated on Division of Water Rights Map as Diversion 4) which bears approximately S 65° 30' E, approximately 3420 feet distant from the northwest corner of Section 20, T 34 N, R 1 E, M.D.B. & M., being within the SW¹/₄ NE¹/₄ of said Section 20,

SPAULDING-HALEY DITCH ON CEDAR CREEK:

At a point (designated on Division of Water Rights Map as Diversion 31) which bears approximately S 86° 00' E, approximately 1640 feet distant from the northwest corner of Section 24, T 34 N, R 1 W, M.D.B. & M., being within the NE¹/₄ NW¹/₄ of said Section 24.

HALCUMB DITCH ON CEDAR CREEK:

At a point (designated on Division of Water Rights Map as Diversion 32) which bears approximately N 68° 30' E, approximately 400 feet distant from the southwest corner of Section 13, T 34 N, R 1 W, M.D.B. & M., being within the SW¹/₄ SW¹/₄ of said Section 13.

ROE DITCH ON CEDAR CREEK:

At a point (designated on Division of Water Rights Map as Diversion 33) which bears approximately N 65° 00' E, approximately 280 feet distant from the southwest corner of Section 13, T 34 N, R 1 W, M.D.B. & M., being within the SW¹/₄ SW¹/₄ of said Section 13.

HADLEY UPPER DITCH ON CEDAR CREEK:

At a point (designated on Division of Water Rights Map as Diversion 40) which bears approximately S 31° 00' W, approximately 900 feet distant from the northeast corner of Section 28, T 34 N, R 1 W, M.D.B. & M., being within the NE¹/₄ NE¹/₄ of said Section 28.

HADLEY LOWER DITCH ON CEDAR CREEK:

At a point (designated on Division of Water Rights Map as Diversion 41) which bears approximately S 66° 00' W, approximately 3250 feet distant from the northeast corner of Section 28, T 34 N, R 1 W, M.D.B. & M., being within the NE¹/₄ NW¹/₄ of said Section 28.

SAM RICE DITCH ON NORTH FORK OF NORTH COW CREEK: - 40, 11

At a point (designated on Division of Water Rights Map as Diversion 11) which bears approximately S 16° 00' W, approximately 490 feet distant from the north quarter corner of Section 29, T 34 N, R 1 E, M.D.B. & M., being within the NW¹/₄ NE¹/₄ of said Section 29.

BENBOW DITCH ON NORTH FORK OF NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 12) which bears approximately S 31° 00' W, approximately 2880 feet distant from the north quarter corner of Section 29, T 34 N, R 1 E, M.D.B. & M., being within the SW¹/₄ NW¹/₄ of said Section 29.

SCHEDULE VIII (Continued)

EARL PATTON DITCH ON NORTH FORK OF NORTH COW CREEK:

- Tract 4-3

At a point (designated on Division of Water Rights Map as Diversion 13) which bears approximately S 46° 30' W, approximately 960 feet distant from the east quarter corner of Section 30, T 34 N, R 1 E, M.D.B. & M., being within the NE¹/₄ SE¹/₄ of said Section 30.

FRISBIE AND DOZIER DITCH ON S. FK. OF M. FK. OF NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 24) which bears approximately S 23° 30' E, approximately 950 feet distant from the west quarter corner of Section 34, T 34 N, R 1 E, M.D.B. & M., being within the NW¹/₄ SW¹/₄ of said Section 34.

ELLERKAMP DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 28) which bears approximately S 6° 00' W, approximately 1710 feet distant from the north quarter corner of Section 36, T 34 N, R 1 W, M.D.B. & M., being within the SE¹/₄ NW¹/₄ of said Section 36.

PEHRSON-GRANT-JONES DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 29) which bears approximately S 69° 30' W, approximately 970 feet distant from the northeast corner of Section 36, T 34 N, R 1 W, M.D.B. & M., being within the NE¹/₄ NE¹/₄ of said Section 36.

BIBBENS DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 89) which bears approximately N 20° 00' E, approximately 2690 feet distant from the southwest corner of Section 3, T 33 N, R 1 W, M.D.B. & M., being within the NW¹/₄ SW¹/₄ of said Section 3.

ELDRIDGE UPPER DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 88) which bears approximately N 39° 00' E, approximately 3870 feet distant from the southwest corner of Section 3, T 33 N, R 1 W, M.D.B. & M., being within the SE¹/₄ NW¹/₄ of said Section 3.

ELDRIDGE LOWER DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 90) which bears approximately N 41° 30' W, approximately 3510 feet distant from the southeast corner of Section 4, T 33 N, R 1 W, M.D.B. & M., being within the NW¹/₄ SE¹/₄ of said Section 4.

ELDRIDGE ISLAND DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 91) which bears approximately S 59° 30' E, approximately 1320 feet distant from the west quarter corner of Section 4, T 33 N, R 1 W, M.D.B. & M., being within the NW¹/₄ SW¹/₄ of said Section 4.

SCHEDULE VIII (Continued)

ELDRIDGE HOUSE DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 92) which bears approximately S 33° 00' W, approximately 1270 feet distant from the east quarter corner of Section 5, T 33 N, R 1 W, M.D.B. & M., being within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 5.

HOBSON UPPER DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 93) which bears approximately S 59° 00' W, approximately 1260 feet distant from the east quarter corner of Section 5, T 33 N, R 1 W, M.D.B. & M., being within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 5.

HOBSON LOWER DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 94) which bears approximately S 64° 30' W, approximately 3970 feet distant from the east quarter corner of Section 5, T 33 N, R 1 W, M.D.B. & M., being within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 5.

WARD UPPER DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 99) which bears approximately S 8° 00' E, approximately 2810 feet distant from the north quarter corner of Section 6, T 33 N, R 1 W, M.D.B. & M., being within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 6.

WARD LOWER DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 100) which bears approximately S 60° 00' W, approximately 1290 feet distant from the north quarter corner of Section 6, T 33 N, R 1 W, M.D.B. & M., being within Lot 3 of said Section 6.

HUFFMAN DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 102) which bears approximately N 12° 00' W, approximately 760 feet distant from the southeast corner of Section 36, T 34 N, R 2 W, M.D.B. & M., being within the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 36.

WILSEY DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 106) which bears approximately N 40° 00' E, approximately 1910 feet distant from the center of Section 31, T 33 N, R 2 W, M.D.B. & M., being within the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 31.

WOODMAN DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 107) which bears approximately S 53° 30' W, approximately 1630 feet distant from the east quarter corner of Section 36, T 33 N, R 3 W, M.D.B. & M., being within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 36.

SCHEDULE VIII (Continued)

GEORGE RUTHERFORD PUMP ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 108) which bears approximately S 57° 00' W, approximately 2290 feet distant from the east quarter corner of Section 36, T 33 N, R 3 W, M.D.B. & M., being within the NW¹/₄ SE¹/₄ of said Section 36.

JOHN RUTHERFORD PUMP ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 109) which bears approximately S 22° 00' E, approximately 1330 feet distant from the northwest corner of Section 2, T 32 N, R 3 W, M.D.B. & M., being within Lot 4, of said Section 2.

COOK AND BUTCHER DITCH ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 110) which bears approximately N 56° 00' E, approximately 2580 feet distant from the southwest corner of Section 9, T 32 N, R 3 W, M.D.B. & M., being within the NE¹/₄ SW¹/₄ of said Section 9.

ANDERSON PUMP ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 113) which bears approximately N 66° 30' W, approximately 1600 feet distant from the southeast corner of Section 29, T 32 N, R 3 W, M.D.B. & M., being within the SW¹/₄ SE¹/₄ of said Section 29.

BOYLE PUMP ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 114) which bears approximately N 55° 00' W, approximately 2130 feet distant from the east quarter corner of Section 32, T 32 N, R 3 W, M.D.B. & M., being within the SW¹/₄ NE¹/₄ of said Section 32.

POGUE PUMP ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 115) which bears approximately N 53° 30' W, approximately 2170 feet distant from the southeast corner of Section 32, T 32 N, R 3 W, M.D.B. & M., being within the SW¹/₄ SE¹/₄ of said Section 32.

BUTZBACH PUMP ON NORTH COW CREEK:

At a point (designated on Division of Water Rights Map as Diversion 116) which bears approximately S 39° 00' W, approximately 2370 feet distant from the northeast corner of Section 5, T 31 N, R 3 W, M.D.B. & M., being within the SW¹/₄ NE¹/₄ of said Section 5.

STIPULATION AND AGREEMENT

9 * * * * *

10 It is hereby stipulated and agreed by the parties to the above en-
11 titled action that the Division of Water Rights of the Department of Public
12 Works of the State of California, as referee in the above entitled matter,
13 may undertake to distribute the waters of North Cow Creek and its tributaries
14 among the various parties to this action as hereinafter set forth, it being
15 understood and agreed that the following plan of distribution and apportion-
16 ment of water shall be for the 1927 irrigation season only, and subject to
17 such provisions as hereinafter contained.

18 1. That Wilford E. Ross, John Q. Cox, J. W. Ballard, E. D. Herrick,
19 J. B. Carswell Estate and E. C. English shall be entitled to divert 3.00
20 cubic feet per second from Mill Creek through the Welch and Strayer Ditch,
21 and O. L. Rose, Evert G. Angle, Emma A. Thomas, John W. Maxwell, and Jennie
22 Maxwell shall be entitled to divert 2.00 cubic feet per second from Mill Creek,
23 or the South Fork thereof, through the Excelsior Ditch; provided, however,
24 that whenever the combined available water supply of Mill Creek and the South
25 Fork thereof is inadequate to supply the allotments hereinabove provided for,
26 then during the continuance of such shortage the said combined available water
27 supply of Mill Creek and South Fork thereof shall be apportioned sixty per
28 cent to the Welch and Strayer Ditch and forty per cent to the Excelsior Ditch,
29 said water to be used for domestic and stockwatering purposes and for the ir-
30 rigation of the lands of the various parties enumerated in this
31

1 paragraph as described in Schedule I, hereunto annexed.

2 2. That A. F. Pehrson shall be entitled to divert 0.25 cubic foot
3 per second from Cedar Creek, through the Pehrson Cedar Creek ditch, from
4 9:00 o'clock, A. M., on Tuesday to 9:00 o'clock A. M., on Wednesday of each
5 and every week, said water to be used for the irrigation of 0.6 acre of
6 garden situated in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 22, Tp. 34 N., R. 1 W., M.D.B. & M.

7 3. That E. J. Phillips shall at all times be entitled to divert
8 7.50 cubic feet per second from North Cow Creek through the Phillips Mill
9 Ditch, said water to be used for domestic, stockwatering and power purposes,
10 and for the irrigation of 0.8 acres of garden situated in Lots 2 and 3 of
11 Sec. 2, T 33 N, R 1 W, M.D.B. & M.; provided, however, that all water so
12 diverted, with the exception of that necessarily lost in transportation and
13 that consumed by the above mentioned domestic, stockwatering and irrigation use,
14 shall be returned to the natural channel of North Cow Creek at a point opposite
15 the Phillips Mill.

16 4. That E. J. Phillips shall at all times be entitled to divert
17 0.25 cubic foot per second from North Cow Creek, through the Phillips Garden
18 Ditch, said water to be used for the purpose of conveying sawdust and for the
19 irrigation of 0.3 acre of garden situated in Lot 3 and the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 2,
20 T 33 N, R 1 W, M.D.B. & M.; provided, however, that all water so diverted, with
21 the exception of that necessarily lost in transportation and that consumed by
22 said irrigation use, shall be returned to the natural channel of North Cow
23 Creek immediately below the Phillips Mill Bridge; and provided, further, that
24 when said water is not being used for the purpose of conveying sawdust, any
25 water diverted over and ^{above} that necessarily lost in transportation and that con-
26 sumed by irrigation use shall be returned to the natural channel of North Cow
27 Creek above the Phillips Mill Bridge.

28 5. That H. O. Bishop shall at all times be entitled to divert
29 the entire flows of Alder No. 1 Spring and Lower Spring, through the Bishop
30 Spring Ditch, said water to be used for domestic and stockwatering purposes
31 and for the irrigation of his lands as described in Schedule I, hereunto
annexed.

1 6. That C. S. Erickson shall at all times be entitled to divert
2 the entire flow of an unnamed spring situated in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 18, T 34 N,
3 R. 1 E, M.D.B. & M. (designated on the map prepared by Division of Water
4 Rights in 1923 as Diversion No. 10), through the Erickson Spring Ditch and
5 Pipe Line, said water to be used for domestic and stockwatering purposes and
6 for the irrigation of his lands as described in Schedule I, hereunto annexed.

7 7. That Emil Plaetke shall at all times be entitled to divert the
8 entire flow of an unnamed spring channel situated in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 30,
9 T 34 N, R 1 E, M.D.B. & M., either at a point designated on the map prepared
10 by the Division of Water Rights in 1923 as Diversion No. 14 through the Earl
11 Patton East Spring Ditch, or at a point designated on said map as Diversion
12 No. 15, through the Earl Patton Feeder Ditch, said water to be used for domestic
13 and stockwatering purposes and for the irrigation of his lands as described in
14 Schedule I, hereunto annexed.

15 8. That Emil Plaetke shall at all times be entitled to divert the
16 entire flow of an unnamed spring situated in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 30, T 34 N,
17 R 1 E, M.D. B. & M., (designated on the map prepared by the Division of Water
18 Rights in 1923 as Diversion No. 16), through the Earl Patton West Spring
19 Ditch and Pipe Line, said water to be used for domestic and stockwatering
20 purposes and for the irrigation of his lands as described in Schedule I,
21 hereunto annexed.

22 9. That F. H. Kenyon shall at all times be entitled to divert the
23 entire flow of an unnamed spring channel traversing the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 29,
24 T 34 N, R 1 E. M.D.B. & M., and the NE $\frac{1}{4}$ of Sec. 32, T 34 N, R 1 E. M.D.B. & M.,
25 at a point in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 29, T 34 N, R 1 E., M.D.B. & M., designated
26 on the map prepared by the Division of Water Rights in 1923 as Diversion
27 No. 20, through the F. H. Kenyon Upper Spring Ditch, or at a point in the
28 NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 32, T 34 N, R 1 E, M.D.B. & M., designated on said map as
29 Diversion No. 21, through the F. H. Kenyon Middle Spring Ditch, or at points
30 in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 32, T 34 N, R 1 E, M.D.B. & M., designated on said
31 map as Diversions No. 22 and 23, through the F. H. Kenyon Lower Spring Ditch

and the F. H. Kenyon Ditch from North Cow Creek, respectively, said water to be used for domestic and stockwatering purposes and for the irrigation of his lands as described in Schedule I hereunto annexed.

10. That E. C. Frisbie and C. T. Dozier shall at all times be entitled to divert the entire flow of an unnamed spring situated in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 31, T 34 N, R 1 E. M.D.B. & M., and designated on the map prepared by the Division of Water Rights in 1923 as Diversion No. 25, into the reservoir on the John Kenyon Ditch system, said water to be withdrawn from said reservoir through said ditch system and used for domestic and stockwatering purposes and for the irrigation of the lands of said parties as described in Schedule I, hereunto annexed.

11. That E. C. Frisbie and C. T. Dozier shall at all times be entitled to divert the entire flow of Garden Spring, situated in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 31, T 34 N, R 1 E, M.D.B. & M., and designated on the map prepared by the Division of Water Rights in 1923 as Diversion No. 26, through the Garden Spring Ditch, said water to be used for domestic and stockwatering purposes and for the irrigation of the lands of said parties as described in Schedule I, hereunto annexed.

12. That E. C. Frisbie and C. T. Dozier shall at all times be entitled to divert 0.025 cubic foot per second from an unnamed spring situated in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 31, T 34 N, R 1 E, M.D.B. & M., and designated on the map prepared by the Division of Water Rights in 1923 as Diversion No. 27 through a domestic water supply pipe line, said water to be used for domestic purposes at the dwelling of said parties situated in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 31, T 34 N, R 1 E, M.D.B. & M.

13. That Mrs. L. A. Spaulding shall at all times be entitled to divert the entire return flow from the Alonzo Haley irrigated lands, at a point situated in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 14, T 34 N, R 1 W, M.D.B. & M. and designated on the map prepared by the Division of Water Rights in 1923 as Diversion No. 35, through the Johnson Waste Channel Ditch, said water to be used for domestic and stockwatering purposes and for the irrigation of her lands as described in Schedule I, hereunto annexed.

14. That Alex Hansen shall at all times be entitled to divert the entire return flow from the L. A. Spaulding irrigated lands, at a point

1 situated in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 14, T 34 N, R 1 W, M.D.B. & M., and designated
2 on the map prepared by the Division of Water Rights in 1923 as Diversion No.
3 36, through the McCandless Waste Channel Ditch, said water to be used for
4 domestic and stockwatering purposes and for the irrigation of his lands as
5 described in Schedule I, hereunto annexed.

6 15. That Alex Hansen shall at all times be entitled to divert the
7 entire flow of the channel leading from Frank Storey Spring, through either
8 the McCandless Upper Spring Ditch or the McCandless Lower Spring Ditch, said
9 water to be used for domestic and stockwatering purposes and for the irrigation
10 of his lands as described in Schedule I, hereunto annexed.

11 16. That Wilford E. Ross, John Q. Cox, J. W. Ballard, E. D. Herrick,
12 J. B. Carswell Estate, and E. C. English shall at all times be entitled to
13 divert the entire flows of three springs, one being situated within the NE $\frac{1}{4}$ NW $\frac{1}{4}$
14 of Sec. 8, T 33 N, R 1 E, M.D.B. & M., and designated on the map prepared by
15 the Division of Water Rights in 1923 as Diversion No. 46, and the other two
16 being situated within the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 8, T 33 N, R 1 E, M.D.B. & M., and
17 designated on said map as Diversions No. 47 and No. 48, through the Welch and
18 Strayer Ditch, said water to be used for domestic and stockwatering purposes
19 and for the irrigation of the lands of the various parties enumerated in this
20 paragraph as described in Schedule I, hereunto annexed.

21 17. That O. L. Rose, Evert G. Angle, Emma A. Thomas, John W.
22 Maxwell, and Jennie Maxwell shall at all times be entitled to divert the entire
23 flows of five springs, one being situated within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 5, T 33 N,
24 R 1 E, M.D.B. & M., and designated on the map prepared by the Division of Water
25 Rights in 1923 as Diversion No. 51, one being situated within the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of
26 Sec. 8, T 33 N, R 1 E, M.D.B. & M. and designated on said map as Diversion No.
27 52, and three being situated within the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 8, T 33 N, R 1 E., M.D.B. &
28 M., and designated on said map as Diversions No. 53, No. 54, and No. 55, through
29 the Excelsior Ditch, said water to be used for domestic and stockwatering
30 purposes and for the irrigation of the lands of the various parties enumerated
31 in this paragraph as described in Schedule I, hereunto annexed.

1 18. That Evert G. Angle shall at all times be entitled to divert the
2 entire flow of an unnamed spring situated in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 12, T 33 N,
3 R 1 W, M.D.B. & M., and designated on the map prepared by the Division of Water
4 Rights in 1923 as Diversion No. 67, through the Angle Spring Ditch, said
5 water to be used for domestic and stockwatering purposes and for the irri-
6 gation of his lands as described in Schedule I, hereunto annexed.

7 19. That J. W. Maxwell and Jennie Maxwell shall at all times be
8 entitled to divert the entire return flow from the Emma A. Thomas irrigated
9 lands at a point within the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 13, T 33 N, R 1 W, M.D.B. & M.,
10 and designated on the map prepared by the Division of Water Rights in 1923 as
11 Diversion No. 68, through the Maxwell Waste Channel Ditch, said water to be
12 used for domestic and stockwatering purposes and for the irrigation of their
13 lands as described in Schedule I, hereunto annexed.

14 20. That C. B. Jones shall at all times be entitled to divert the
15 entire flows of Maple Spring and Alder No. 2 Spring, through a lateral of the
16 Pehrson-Grant-Strawn Ditch, said water to be used for domestic and stock
17 watering purposes and for the irrigation of his lands as described in Schedule
18 I, hereunto annexed.

19 21. That Jesse Grant shall at all times be entitled to divert the
20 entire flow of an unnamed spring situated in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 34, T 34 N,
21 R 1 W., M.D.B. & M. and designated on map prepared by Division of Water Rights
22 in 1923 as Diversion No. 74, said water to be used for domestic and stock-
23 watering purposes and for the irrigation of his lands as described in Schedule
24 I, hereunto annexed.

25 22. That A. F. Pehrson shall at all times be entitled to divert
26 the entire return flow from the Jesse Grant irrigated lands, through the
27 Borquist Ditch, said water to be used for domestic and stockwatering purposes
28 and for the irrigation of his lands as described in Schedule I, hereunto
29 annexed.

30 23. That A. F. Pehrson shall at all times be entitled to divert
31 the entire flows of Big Spring, Indian Spring, Lake Spring, Reservoir Spring,

1 and House Spring, through laterals of the Pehrson-Grant-Strawn Ditch, except
2 in the case of House Spring, which is to be diverted through two pipe lines
3 leading to his house and refrigerating box, the water from all five springs
4 to be used for domestic and stockwatering purposes and for the irrigation of
5 his lands as described in Schedule I, hereunto annexed.

6 24. That Mrs. De Forest Hobson shall at all times be entitled to
7 divert the entire flows of two springs situated in Lot 6 of Sec. 6, T 33 N,
8 R 1 W, M.D.B. & M., and known as Orchard Springs, through two pipe lines, said
9 water to be used for the irrigation of 0.7 acre of orchard situated in said
10 Lot 6 of Sec. 6, T 33 N, R 1 W, M.D.B. & M.

11 25. That Mrs. De Forest Hobson shall at all times be entitled to
12 divert the entire flow of an unnamed spring situated within the $SE\frac{1}{4} NE\frac{1}{4}$ of
13 Sec. 6, T 33 N, R 1 W, M.D.B. & M. and designated on map prepared by Division
14 of Water Rights in 1923 as Diversion No. 97, through the Hobson Domestic Sup-
15 ply Pipe Line, said water to be used for domestic purposes at her dwelling
16 situated in the $NW\frac{1}{4} SE\frac{1}{4}$ of Sec. 6, T 33 N, R 1 W, M.D.B. & M.

17 26. That R.A. Ward shall at all times be entitled to divert the
18 entire flow of an unnamed spring situated in Lot 2 of Sec. 6, T 33 N, R 1 W,
19 M.D.B. & M. and designated on map prepared by Division of Water Rights in 1923
20 as Diversion No. 98, through the Ward Domestic Supply Pipe Line, said water
21 to be used for domestic purposes at his dwelling situated in the $SE\frac{1}{4} NW\frac{1}{4}$ of
22 Sec. 31, T 34 N, R 1 W, M.D.B. & M.

23 27. That J. G. Asher shall at all times be entitled to divert the
24 entire flow of an unnamed spring situated in the $NE\frac{1}{4} NE\frac{1}{4}$ of Sec. 2, T 33 N,
25 R 2 W, M.D.B. & M. and designated on map prepared by Division of Water Rights
26 in 1923 as Diversion No. 103, through the Asher Domestic Supply Pipe Line,
27 said water to be used for domestic purposes at his dwelling situated in the
28 $NE\frac{1}{4} NE\frac{1}{4}$ of Sec. 2, T 33 N, R 2 W, M.D.B. & M.

29 28. That the California Zinc Company shall at all times be entitled
30 to divert 0.04 cubic foot per second from North Cow Creek by means of a pump
31 situated in the $NE\frac{1}{4} NE\frac{1}{4}$ of Sec. 10, T 33 N, R 2 W, M.D.B. & M., and designated

1 ^{the} on, map prepared by ^{the} Division of Water Rights in 1923 as Diversion No. 104,
2 said water to be used for fire protection purposes and for the operation of
3 a compressor on the Fitzimmons Claim; provided, however, that all water so
4 diverted, with the exception of that necessarily lost in transportation and
5 that consumed by said uses, shall be returned to the natural channel of
6 North Cow Creek within the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 10, T 33 N, R 2 W, M.D.B. & M.

7 29. That the California Zinc Company shall at all times be en-
8 titled to divert 0.55 cubic foot per second from North Cow Creek by means
9 of a pump situated in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 10, T 33 N, R 2 W, M.D.B. & M.
10 and designated on the map prepared by the Division of Water Rights in 1923
11 as Diversion No. 105, said water to be used for milling purposes at the mill
12 of the California Zinc Company situated in NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 15,
13 T 33 N, R 2 W, M.D.B. & M., and for municipal purposes within the town of
14 Ingot.

15 30. That, subject to all of the foregoing provisions the parties
16 to this action shall be entitled to an equal and correlative right in and
17 to the waters of North Cow Creek and its tributaries as hereinafter provided.

18 31. That various parties to this action shall be divided into two
19 classes, to be known as Cedar Creek Users and North Cow Creek Users; that the
20 Cedar Creek Users shall be divided into two classes, to be known as Class A
21 and Class B, as set forth in Schedules II and III, hereunto annexed; and that
22 the North Cow Creek Users shall be divided into two classes, to be known as
23 Class C and Class D, as set forth in Schedules IV and V, hereunto annexed.

24 32. That the period between 8:00 o'clock A. M., on May 1st, and
25 8:00 o'clock A.M., on October 28th shall be divided into 18 irrigation periods
26 for the Cedar Creek Users and 18 irrigation periods for the North Cow Creek
27 Users as set forth respectively in Schedules VI and VII, hereunto annexed.

28 33. That during the first, third, fifth, seventh, ninth, eleventh,
29 thirteenth, fifteenth, and seventeenth irrigation periods, as respectively
30 set forth in Schedules VI and VII, the Users in Class A and in Class C shall
31 be entitled to divert and use the waters of Cedar Creek and its tributaries and

1 of North Cow Creek and its tributaries, respectively, for domestic and stock-
2 watering purposes, and for the irrigation of their lands as described in
3 Schedule I, hereunto annexed; provided, that the amounts of water to which
4 said Users in Class A and in Class C shall be entitled shall be limited to the
5 amounts of water which can be beneficially used for said purposes, and
6 shall not exceed the maximum irrigation allotments specified in Schedules
7 II and IV hereunto annexed.

8 34. That during the second, fourth, sixth, eighth, tenth, twelfth,
9 fourteenth, sixteenth, and eighteenth irrigation periods, as respectively set
10 forth in Schedules VI and VII, the Users in Class B and in Class D shall be
11 entitled to divert and use the waters of Cedar Creek and its tributaries and
12 of North Cow Creek and its tributaries, respectively, for domestic and stock-
13 watering purposes, and for the irrigation of their lands as described in
14 Schedule I, hereunto annexed; provided, that the amounts of water to which
15 said Users in Class B and in Class D shall be entitled shall be limited to
16 the amounts which can be beneficially used for said purposes, and shall not
17 exceed the maximum irrigation allotments specified in Schedules III and V
18 hereunto annexed.

19 35. That during the first, third, fifth, seventh, ninth, eleventh,
20 thirteenth, fifteenth, and seventeenth, irrigation periods, the Users in
21 Class B and in Class D shall be entitled to divert through their ditches the
22 minimum allotments specified in Schedule VIII hereunto annexed, for domestic
23 and stockwatering use, and to prevent damage which might otherwise be caused
24 by their ditches remaining entirely dry; provided, however, that any water
25 so diverted, over and above that consumed for said purposes, and that neces-
26 sarily lost in transportation shall be directly returned to the natural
27 channel of Cedar Creek or of North Cow Creek or one of its tributaries, in
28 all cases where such return is reasonably possible.

29 36. That during the second, fourth, sixth, eighth, tenth, twelfth,
30 fourteenth, sixteenth, and eighteenth, irrigation periods the Users in Class
31 A and in Class C shall be entitled to divert through their ditches the mini-

1 mum allotments specified in Schedule VIII hereunto annexed, for domestic and
2 stockwatering use, and to prevent damage which might otherwise be caused by
3 their ditches remaining entirely dry; provided, however, that any water so
4 diverted, over and above that consumed for said purposes and that necessarily
5 lost in transportation, shall be directly returned to the natural channel of
6 Cedar Creek, or of North Cow Creek or one of its tributaries, in all cases
7 where such return is reasonably possible.

8 37. That at any time when the natural flow of Cedar Creek is in
9 excess of that necessary to supply the water allotted therefrom as specified
10 in Schedules II and III, then during the continuance of such excess, Mrs. L. A.
11 Spaulding and Alex Hansen may divert their respective irrigation allotments
12 as specified in Schedules IV and V from such excess through the Haley-Spaulding
13 and McCandless Ditches, respectively, in lieu of diverting said allotments
14 from the North Fork of North Cow Creek, or Minnie Gulch, through the Benbow
15 Ditch.

16 38. That should at any time during the first, third, fifth, seventh,
17 ninth, eleventh, thirteenth, fifteenth, and seventeenth irrigation periods,
18 the natural flow of Cedar Creek or of North Cow Creek and its tributaries be
19 inadequate to supply the maximum irrigation allotments therefrom to the Users
20 in Class A or in Class C, respectively, as hereinabove provided in Paragraph
21 33, and at the same time supply the minimum allotments as hereinabove provided
22 for in Paragraph 35, then, during the continuance of such shortage, the Users
23 in Class A or in Class C shall divide the available water supply of said
24 respective streams, over and above the amounts of water necessary to supply
25 said minimum allotments, in the ratios that their maximum irrigation allotments
26 as specified in Schedules II and IV, respectively, bear to the total of the
27 maximum irrigation allotments provided in their respective Schedule.

28 39. That should at any time during the second, fourth, sixth,
29 eighth, tenth, twelfth, sixteenth and eighteenth irrigation periods, the
30 natural flow of Cedar Creek or of North Cow Creek and its tributaries be in-
31 adequate to supply the maximum irrigation allotments therefrom to the Users in

Class B or in Class D, respectively, as hereinabove provided for in Paragraph 34, and at the same time supply the minimum allotments as hereinabove provided for in Paragraph 36, then, during the continuance of such shortage, the Users in Class B or in Class D shall divide the available water supply of said respective streams, over and above the amounts of water necessary to supply said minimum allotments, in the ratios that their maximum irrigation allotments as specified in Schedules III and V, respectively, bear to the total of the maximum irrigation allotments provided in their respective Schedule.

40. That the points of measurements of all allotments hereinabove provided for shall be at the respective points of diversion from the stream system, except that the allotments to the Frisbie and Dozier Ditch shall be measured at the point where said ditch passes over the saddle between the North Cow Creek drainage area and the Mill Creek drainage area, that the allotment to the Erickson Ditch shall be measured at a point immediately below the inflow from School House Spring, that the allotment to the F. H. Kenyon Ditch shall be measured at a point immediately below the inflow from the spring designated on the map prepared by the Division of Water Rights in 1923 as Diversion No. 19, and that the allotment to the Welch and Strayer Ditch shall be measured at the flume crossing on the South Fork of Mill Creek.

41. That nothing herein contained shall be construed as limiting or restricting the rights of any two or more of the parties to this action from entering into an agreement or agreements whereby said parties may pool their respective interests for use during any irrigation period, or any two consecutive irrigation periods, and thereby apply water to their respective lands at a greater rate than herein provided for; provided that the total use of any such parties on their lands shall not exceed the equivalent of the allotments herein provided for; and provided further, that such use shall not impair or infringe the right of any other party.

42. That nothing herein contained shall be construed as an admission by any party that his legal rights or the rights of any other party are as herein provided for; that the distribution of water in accordance with this stipulation and agreement shall not in any manner prejudice the rights which

1 are now claimed or may hereafter be asserted by any of the parties hereto;
2 and that this stipulation takes notice of the claims of the plaintiff, The
3 Red River Lumber Company, to a right to water from North Cow Creek through
4 what is commonly known as the "Terry Flume" and the omission of any provision
5 in this agreement for supplying water so claimed to said plaintiff, and for the
6 non use of the water so claimed by said plaintiff during the irrigation season
7 of 1927, in conformity with this stipulation, shall not be construed as a waiver
8 or abandonment of said claim, or as in any way affecting or prejudicing said
9 claims in any future consideration, hearing or determination of the matter, but
10 nothing herein contained shall be construed as an admission of the validity or
11 extent of said claim.

12 43. That the Division of Water Rights shall appoint a Water Master
13 to distribute the waters of North Cow Creek and its tributaries during the 1927
14 irrigation season as herein provided, and said Water Master shall have power
15 and authority to inspect and regulate the diversions of all the parties hereto
16 in accordance with this stipulation and agreement, and in the exercise of such
17 authority may enter upon the lands of said parties for the purpose of such in-
18 spection and regulation, and may establish and maintain such gauging stations
19 and measuring devices and require such diversion works in said stream and
20 diversion ditches as may be necessary or convenient. The several ditch owners
21 shall furnish the necessary labor and material for the construction and instal-
22 lation of said measuring devices and diversion works.

23 44. That in order to meet the costs of such distribution by the
24 Water Master, the parties hereto agree to pay to the Division of Water Rights
25 on or before April 15, 1927, their respective assessments as set forth in
26 Schedule IX, hereunto annexed.

27 45. That in case two or more parties hereto become dissatisfied
28 with the distribution made in accordance with this agreement, then said parties
29 may complain to the Division of Water Rights and shall specify wherein they are
30 dissatisfied, whereupon the Division of Water Rights, shall, if in its dis-
31 cretion necessity therefor exists, call a meeting of the parties hereto, or the

1 Division of Water Rights may of its own motion call such meeting. After a
2 meeting so called, and a consideration at said meeting of changes proposed,
3 the Division of Water Rights shall have authority to make such changes in the
4 plan or method of distribution herein provided for as may be deemed advisable
5 by said Division in order to better carry into effect the apportionments pro-
6 vided for in this agreement.

7 IN WITNESS WHEREOF, the parties hereto have affixed their hands and
8 seals this 8th day of March, 1927.

SCHEDULE I

DESCRIPTION OF IRRIGATED LANDS

E. ANDERSON (M. Hall)

EVERT G. ANGLE:

2.0 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 12, T 33 N, R 1 W, M.D.B. & M.
1.8 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 12, T 33 N, R 1 W, M.D.B. & M.
5.4 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 12, T 33 N, R 1 W, M.D.B. & M.
9.2 acres - Total

J. G. ASHER:

5.2 acres in Lot 3, Sec. 1, T 33 N, R 2 W, M.D.B. & M.
2.1 acres in Lot 4, Sec. 1, T 33 N, R 2 W, M.D.B. & M.
4.8 acres in Lot 1, Sec. 2, T 33 N, R 2 W, M.D.B. & M.
1.4 acres in SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 36, T 34 N, R 2 W, M.D.B. & M.
1.1 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 36, T 34 N, R 2 W, M.D.B. & M.
14.6 acres - Total

J. E. BAKER:

7.1 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 5, T 33 N, R 1 W, M.D.B. & M.
2.9 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 5, T 33 N, R 1 W, M.D.B. & M.
13.4 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 4, T 33 N, R 1 W, M.D.B. & M.
23.4 acres - Total

JAMES W. BALLARD:

5.8 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 30, T 33 N, R 1 W, M.D.B. & M.
6.3 acres in SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 30, T 33 N, R 1 W, M.D.B. & M.
12.1 acres - Total

IDA BIDWELL:

4.2 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 2, T 34 N, R 1 W, M.D.B. & M.
4.1 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 11, T 34 N, R 1 W, M.D.B. & M.
7.2 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 11, T 34 N, R 1 W, M.D.B. & M.
13.4 acres in NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 11, T 34 N, R 1 W, M.D.B. & M.
30.1 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 11, T 34 N, R 1 W, M.D.B. & M.
10.9 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 11, T 34 N, R 1 W, M.D.B. & M.
69.9 acres - Total

H. O. BISHOP:

8.7 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 17, T 34 N, R 1 E, M.D.B. & M.
0.4 acre in NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 20, T 34 N, R 1 E, M.D.B. & M.
9.1 acres - Total

W. A. BOGUE:

2.9 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, T 32 N, R 3 W, M.D.B. & M.
8.2 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, T 32 N, R 3 W, M.D.B. & M.
11.1 acres - Total

SCHEDULE I, (Continued)

GEORGE J. BOYLE:

0.6 acre in NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, T 32 N, R 3 W, M.D.B. & M.
8.2 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, T 32 N, R 3 W, M.D.B. & M.
2.1 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, T 32 N, R 3 W, M.D.B. & M.
1.0 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, T 32 N, R 3 W, M.D.B. & M.
0.3 acre in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, T 32 N, R 3 W, M.D.B. & M.
12.2 acres - Total

H. H. BUTZBACH:

0.5 acre in Lot 2, Sec. 5, T 31 N, R 3 W, M.D.B. & M.
2.8 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5, T 31 N, R 3 W, M.D.B. & M.
0.4 acre in Lot 1, Sec. 5, T 31 N, R 3 W, M.D.B. & M.
11.8 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5, T 31 N, R 3 W, M.D.B. & M.
15.5 acres - Total

W. A. CALKINS:

7.2 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 26, T 34 N, R 1 W, M.D.B. & M.
2.8 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 26, T 34 N, R 1 W, M.D.B. & M.
10.0 acres - Total

J. B. CARSWELL ESTATE: EDWARD RICE

14.4 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 25, T 33 N, R 2 W, M.D.B. & M.
0.5 acre in NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 25, T 33 N, R 2 W, M.D.B. & M.
14.9 acres - Total

J. G. CHATHAM:

18.0 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 20, T 32 N, R 3 W, M.D.B. & M.
18.0 acres - Total

G. R. ELDRIDGE:

3.5 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 4, T 33 N, R 1 W, M.D.B. & M.
3.7 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 4, T 33 N, R 1 W, M.D.B. & M.
1.7 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 4, T 33 N, R 1 W, M.D.B. & M.
